

DRUG ALERT

CLASS 4 MEDICINES DEFECT INFORMATION

Caution in Use
Distribute to Pharmacy Level

Date: 25 February 2020

EL (20)A/11

Our Ref: MDR 117-02/20

Dear Healthcare Professional,

Crescent Pharma Ltd

Memantine 10mg Film-Coated Tablets

PL 20416/0260

Batch Number	Expiry Date	Pack Size
10819	08/2022	28
20819	08/2022	28
11119	11/2022	28

Brief description of the problem

Crescent Pharma Ltd has informed us of a discrepancy on the product packaging for the above batches. The discrepancy relates to the incorrect quantity printed on one side (end flap) of the packs in error. The incorrect end flap states that the quantity of tablets within the pack is 30, however this is incorrect and should state 28 as per all other sides of the pack, (see Annex 1). The other product details on the pack including the name, strength and pharmaceutical form of the medicine are correct.

Advice for healthcare professionals

Healthcare professionals are advised to exercise caution when dispensing the product. There is no risk to product quality as a result of this issue, therefore the associated batches are not being recalled at this time.

Further Information

For more information or medical information queries, please contact: Crescent Pharma Ltd. Medical Information Department on +00351 214643225, via email on tiago.barca@pharsolution.com or +44 (0) 1256 772740.

Recipients of this Drug Alert should bring it to the attention of relevant contacts by copy of this letter. NHS regional teams are asked to forward this to community pharmacists and dispensing general practitioners for information.

Yours faithfully
